### 3rd-6th Graders Travel to Olentangy Indian Caverns

This week, Great Day 3/4 and 5/6 had the opportunity to travel together to Olentangy Indian Caverns for their first adventure of the week. Two full buses of eager campers and a 45 minute drive later, we arrived at the caverns. We were greeted by hot, sunny weather and a goat on the playground. The 3<sup>rd</sup> and 4<sup>th</sup> graders were the first to travel underground to the caverns, while the 5<sup>th</sup> and 6<sup>th</sup> graders mined for gems. As the campers descended down the many stairs that lead into the caverns, the temperature got increasingly colder. Down below, the kids had the opportunity to learn about old Native American traditions and explore the caverns' many twists and turns. Up above, the young miners took turns mining for gems. After sifting through sand and pebbles, each camper left with a colorful bag full of glistening goodies.

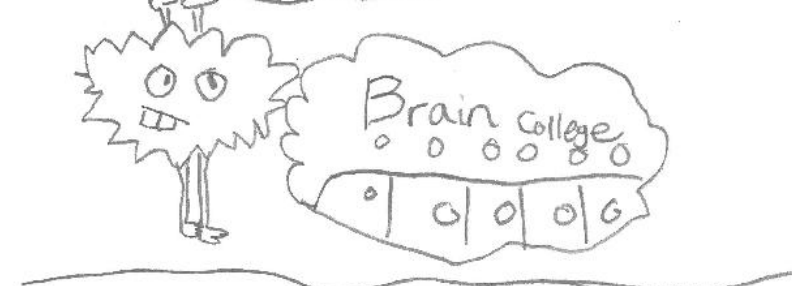

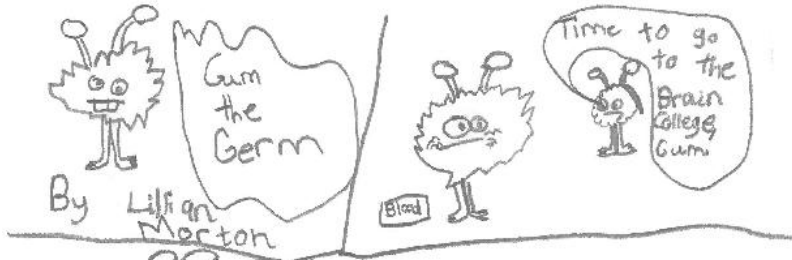

After both groups had the opportunity to mine and tour, we took a relaxing break under the shelter for some snack and hydration. The afternoon ended on a high note as all the kids explored the cowboy town. From the barber shop to the jail, everyone enjoyed this small town. Campers from all four grades united during a game to take Counselor Hale to jail. After finally freeing everyone from jail (even Hale), it was time to head home. Not only were the Caverns an extremely cool place to learn and have fun, but they proved to be a great place for all four grades to enjoy each other's company.

### Mark Your Calendars!
